A PARAMOUNT-BURTON HOLMES TRAVEL-PICTURE ✓

✓  
"Beautiful Bermuda" is the Paramount-Burton Holmes release for January 16th. This lovely island, or self-contained group of islands, situated in mid-Atlantic, has for years been popular with tourists. Today it is doubly so, especially since the days of prohibition in the United States. Bermuda has the palms of the tropics and the cedars of more northern climes. Its white roads have never known the honk of the automobile; its white houses, - walls and roof, - are made from the coral rock of the island itself. There are interesting people who speak the English of England, and there are historic old places where the pirates and buccaneers used to foregather. There are lovely hotels, typical sports, quaint streets, - in fact, everything to make this trip attractive to those who travel with Burton Holmes.
